

NORTH Felixstowe Development

Sign The Petition!

**East Suffolk Council is working on the design
of the North Felixstowe Masterplan right now!**

Despite the local plan stating that the Grove Woodland and Eastward Ho playing fields would be protected, the **ONLY** proposal shown throughout the duration of the Citizen Panel has been to build a school, houses and industrial units on Eastward Ho playing fields and the Paddock, leaving us some repositioned pitches onto the boggy area, which eventually would become school's facility. This means loss of our cherished large green community recreational space, as well as immediate threat to the existence of the Grove Woodland's ecosystem.
